Magnífica Exposición en el Campo Ayala de Cartaga

En nuestra visita a la exposición nacional del Campo Ayala, Provincia de Limón se anotó un triunfo al exponer bellamente todo el proceso de la planta llamada Abacá.

Admiramos desde la verde planta apuntando sus agujas al cielo hasta las madejas de cordel manila tan usado hoy día en la industria en general.

También pudimos apreciar una bonita colección de bayas de cacao en artísticos colores, cuya presentación llamó la atención de todos los visitantes. El cacao, elavorado y secado en estufa, de suprema calidad y da una idea del magnifico cultivo en la zona atlántica. Bien por expositor.

Es un placer para mí hablar hoy entre los miembros de la División Panamericana de la American Road Builders Association. El Banco Internacional de Reconstrucción y Fomento, acerca del cual la asociación me ha pedido que hable, se da cuenta cabal de la importancia esencial de las carreteras, porque comprende que una de las primeras tareas de un país en la reconstrucción de lo asolado por la guerra es el restablecimiento del sistema de transportes, del cual las carreteras forman parte integral. Además, el Banco reconoce que antes de que un desarrollo de la industria o la agricultura pueda llevarse a cabo, debe haber una red básica de caminos que abastezca y sirva los proyectos. Además, los proyectos

de tal desarrollo, en muchos casos, son de poco valor si no se cuenta con carreteras adecuadas para transportarlos a los mercados.

El Banco Internacional o Banco Mundial, como se le llama frecuentemente en la prensa, es una organización internacional fundada en Bretton Woods, N. H. en 1944 en la Conferencia Financiera y Monetaria mundial de las Naciones Unidas. En esa conferencia, a la cual concurren representantes de 44 naciones, entre los cuales estaban muchas de las principales figuras de la finanza, de la economía y

Los beibolistas de la Liga Atlántica están en forma casi olímpica

Los primeros partidos de campeonato de nuestra Liga denotan el excelente estado de nuestros jugadores de beisbol tanto en el bateo como en el fildeo. A través de las diferentes etapas hemos podido observar estas cualidades que esperamos continúen mejorando y estar en forma para la escogencia de la Selección Nacional que nos representará en Nicaragua en la XI Serie Mundial a la cual es muy probable que asistamos.

TEMAS EDUCACIONALES

Aún Continúa el eco en el ambiente de las almas que con fruición y fervor, escucharon desde la Radio Casino de nuestra ciudad la interpretación de la gran obra, el Mártir del Gólgota el Jueves Santo.

Este comentario es una de tantas apreciaciones hechas con nobleza y un estímulo para los amigos del Radio Teatro de la Casino.

Entre las conjeturas de corrillo que hemos oído; hoy quien decía, que por lo desacertados en la interpretación, no habían dado el resultado que obra de tal magnitud requiere. Otros en cambio han hablado maravillas y hasta felicitaciones en cantidad. Lo que si hemos podido apreciar es que circula ya en nuestro medio una ansia de progreso cultural; ansia dormida que recibió con la obra radiada, una inyección que la ha manifestado en el interés manifiesto de los comentarios. La crítica sana cuando es popular es la que da mérito a las obras teatrales. Bien sabemos que

no era una Compañía Bracale, con su Ricardo Calvo, ni era una Esperanza Iris, ni una Mercedes Caraza, ni Marina Huguete y su elenco, ni siquiera los discípulos de Ramón Obón, elenco que está al servicio de nueva Alma Tica.

Libretos tan difíciles como la Pasión de Cristo, en los que se requiere sentir el misticismo, vivir la escena, modular la palabra y seguir como un ritmo a cada impresión que ha de dar vida al drama; no es fácil llevarlos con elementos para formar un elenco intachable, si no es después de largo tiempo

parte de las residencias del personal, y tierras en la finca del Instituto.

E. Informes: Se prepara un informe anual sobre el progreso del programa el cual se presenta al Comité Administrativo del Instituto y al American Cocoa Research Institute para su aprobación. Un segundo informe anual sobre el programa se presenta para su aprobación al Comité Técnico Interamericano del Cacao. Se están preparando informes trimestrales para el American Cocoa Research Institute.

II. Planes para la expansión:

A. Personal: Sería ventajoso agregar cuatro miembros más al personal. El primero sería un bioquímico o analizador general para el trabajo rutinario en suelos, patología, fisiología, y entomología. El segundo miembro sería un entomólogo quien

trabajaría en los insectos benéficos como los polinizadores y los nocivos que pueden llegar a ser importantes en el futuro. El tercer miembro del personal sería un asistente administrativo quien prepararía y editaría el Boletín Informativo del Cacao, atendería la correspondencia general, y relevaría al personal del Centro de todo el trabajo rutinario de la oficina. El cuarto miembro sería un agrónomo adicional quien podría asignarse para trabajar en otras estaciones por un período suficientemente largo para conducir proyectos actuales de investigación. Este hombre se quedaría donde las facilidades para vivir y para la investigación lo permitieran, por períodos hasta de un año o más para llevar a cabo investigaciones determinadas.

suman hoy cerca de \$260,000,000. En consecuencia, el Banco, aun cuando puede hacer préstamos que no podrían ser hechos por prestamistas privados, en condiciones razonables, tiene que conducir sus operaciones de manera que sean aceptables por los inversionistas particulares. Asi pues, el Banco no puede hacer donaciones ni conceder créditos fáciles y debe

usar de prudencia y cuidado al conceder sus empréstitos.

Los propósitos y objetivos del Banco Mundial están claramente definidos en el Convenio y pueden resumirse aqui:

- (1) Ayudar en la reconstrucción y desarrollo de los países miembros, mediante préstamos de capital para aumentar la producción y, por consecuencia, promover el crecimiento a largo plazo del comercio y el levantamiento del nivel de vida.
- (2) Promover la inversión de fondos privados mediante la garantía y participación en préstamos e inversiones de capitalistas particulares, y
- (3) Hacer préstamos de sus propios fondos o de fondos prestados para propósitos productivos cuando no haya capital privado disponible en condiciones razonables.

LA CIA. AGRICOLA EXPORTADORA, S. A.

Ruega a los bananeros de Línea Vieja:

Que en virtud de las exigencias del mercado norteamericano en cuanto a la calidad del banano, nos es indispensable la cooperación íntegra en cuanto al buen manejo de la fruta y al grado que se pide en los avisos. Esta cooperación muy sencilla y fácil de dar, significaría para el productor posibilidades más amplias de ayuda para nuevas siembras.

Notice to the Banana Cultivators on the Old Line

In view of the fact the North American Markets are exacting on the quality of the banana, it is necessary for us to cooperate in every respect to secure the best grade of fruit when notices are sent out. This cooperation is very simply and can be easily given and will signify for the producers more ample possibilities of help for new plantings.

EDITORIAL

A continuación de nuestro punto de vista en el mitin recientemente verificado para tratar el interés de la Industria de Banano, asunto que ha estado despertando mucha atención, repetimos que, los productores pueden tener a su comando el arma para pelear todas sus batallas, si ellos deciden retirarse del camino de industrialismo y organizarse. Existe la necesidad de voces selectas para hablar por todos; y existe la necesidad de una pluma designada para escribir por todos.

Por medio de locales bien establecidos los problemas difíciles de cada zona serían notificados a una Oficina Central la cual se encargaría de poner remedio a la situación. Con esfuerzos organizados, las dificultades, por ejemplo de tener desajustes con los bananos destinados a las plataformas de compra como un resultado del sistema de transporte particular, puede ser remediado.

No tenemos duda de la posibilidad de obter precios elevados para los productores si nuevos exportadores ingresan en el mercado, pero un estudio muy detenido es necesario en muchas fases.

Nuestros agricultores, creemos, no deberían cerrar sus ojos al hecho de que la producción no está todavía a nuestro alcance para poder suplir a un gran número de exportadores.

En otro punto de vista las altas tarifas de ferrocarril por el acarreo de los bananos a nuestros muelles demandan un gasto muy significativo para el exportador, pudiéndose llegar al caso en que se requiera cierta cantidad necesitada; teniendo el exportador que pagar siempre a la Compañía por la alquilada. Además las lanchas que esperan por un cargamento total y no se logra conseguir tal cargamento siempre tiene que pagarse el costo del contrato. Algunas condiciones como las citadas anteriormente resultarían en el abandono o el retiro de las compañías exportadoras de la zona Atlántica. Si algunos de los exportadores quedarán naturalmente vendrían a ser monarcas en el asunto.

Las zonas libres a cualquier comprador solamente pueden ser establecidas satisfactoriamente si el señor Ministro de Agricultura e Industrias solicite la apertura de un departamento de crédito agrícola rural por medio del Banco Nacional; indicando así que los productores puedan obtener préstamos con intereses moderados y planes fáciles de pago.

Entendemos que el precio por racimo es tres cincuenta esta semana debido al rebajo del precio en el mercado extranjero. Esto es sin duda lamentable; pero igual es el resultado de las ganancias y pérdidas en el comercio.

Parent Body Universal Improvement Association and African Communities League - August 1929

Box 160, Monrovia Liberia, February 23, 1950.

To The Officers and members and prospective officers and members of the Universal Negro Improvement Association and African Communities in the Republic of Costa Rica:

Mr. Stan E. Dixon of P. O. OUR TASK

FROM OUR DESK

BY THE EDITOR

In continuation of our views on the recently held meeting in the interest of our Banana Industry; a matter which has been drawing much attention, we repeat that the producers can have at their command the weapon to fight their battle, if they would step out the path of individualism and be organized. There is need for voices chosen to speak for all; there is need for a pen chosen to write for all. By well established locals the difficult problems of each zone would be made known to a Central Body which in turn would try to effect the remedy. Strike a singly match against the wind and no light will appear, but against the fury of the wind from a bundle of matches light will flash. With organized efforts, the ills, for instance, of having disarrangements with fruits destined for buying platforms as the result of privately owned transport systems, can be cured.

We are not in doubt as to the possibility of higher prices obtainable by the producers if new exporters enter the market, but deep study is necessary in many phases. Our farmers, we believe, should not close their eyes to the fact that production is not yet within reach to supply a rush of exporters. On the other hand the high railroad rates for hauling the bananas to our docks and what would it mean but the killing of the goose which laid the golden egg, to hire trains to loading platforms intended to obtain a given number of stems and have to face the disappointment by receiving a few hundred bunches and with boats engaged for a complete shipment. A few such blows to the buying companies and all would bid adieu to the Atlantic. If any weathers the storm, quite naturally, such would become monarch of all he surveys.

The free zones to any buyer can only be established successfully if the Minister of Agricultura and Industries would move for the opening of Rural Agricultural Credit Department in the Limon Branch of the National Bank by which means the producers, when their financial tide is low could obtain loans with moderate interest and easy payment plans.

We learn the price a stem is \$ 3.50 each for this week, due to the slice in the foreign market price. This is indeed regrettable, but same is the result of commercial ebbing and flowing tide.

We adopt this medium to inform our customers and the general public of our new selling plans by easy payment based on Merchandise Clubs.

Each Club will consist of 100 subscribers or members and for a duration of 55 weeks. The winners will be the holders of Club Receipt numbers corresponding with the last two figures of the weekly Drawings of the National Popular or Lottery.

The winners by the Drawings, or those members who have paid the quotas, for fifty five weeks will be entitled to merchandise at our established prices; the amount corresponding to the Club Plan. Rights are forfeited by a failure to pay three consecutive weekly quotas. However, we shall reimburse seventy percent of the amount paid in merchandise at usual prices. This privilege will be given also to subscribers who desire to retire from the Club. The subscriptions are also transferable on previous consent.

Proposed Changes In Weekly "Popular"

The Junta Protection Social of San Jose, the Lottery Department advises that the Lottery Popular of the Hospital San Juan de Dios will be modified, beginning with Serie No. 415 for Sunday the 14th of May 1950.

The tickets will be divided in 25 pieces to what is known as a «Plan» instead of 40 pieces as it is now offered, and each piece will cost fifty cents instead of thirty cents. In consequence the full ticket consisting of twenty five pieces or coupons will cost \$ 12.50 in place of the present forty pieces for \$ 12.00.

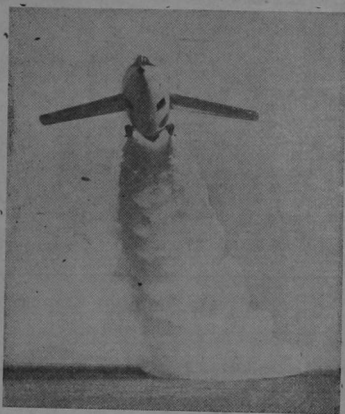

The Lottery Administration will sell the serie of ten tickets for \$ 112.50 instead of the present cost of \$ 105.00.

The prizes will remain at \$ 800.00 for first drawing of the full twenty five pieces and

\$ 100.00 for the second prize of a full twenty five piece-Popular. Each coupon of the first prize will cash in \$ 32.00 instead of \$ 20.00 and the single second prize coupon will be cashed \$ 4.00 instead of the present \$ 2.50 each.

Seventh Day Adventists to Conduct Service of Emersion

We are informed that the Seventh Day Adventists of our zone with Elder Ricardo Rankin officiating will conduct a service of baptism at Waldeck (28 Miles) tomorrow, Sunday the 23rd. We opine that members of the denomination as well as other Christian believers will largely attend this service.

The scientific research aircraft uses both rocket and jet power to fly into the supersonic range. Built by the Douglas Aircraft Company of Santa Monica, California, it features a needle-shaped nose and swept back wings and tail. More than 5,000 reports containing aerodynamic data have been obtained from the "Skyyrocket's" research flights.

BASE BALL

On Sunday the 16th instant the throng which surrounded the baseball diamond during the three events, respectively, gave rise to the thought that the joys of Easter was not ended. The score represented the «Holeyon Days».

The morning match was cheered enthusiastically in due order. The fire of victory was seemingly kindled in the breasts of the team «Xolotlan» which had pitched battle against the Enterprise of Matina. The battle raged furiously; the lines of defence were not easily broken; the boys from Matina put up very stiff resistance, but gave way finally to the score of three to two runs.

—x—

The sun was at his meridian stand when there stepped out the gallant Bataan team and the hard hitting Braves.

The boys of the abaca district took the lead and at the sixth inning their score was 7 runs against 3 for the Braves. However, the lucky seven proved joyously for the Braves by the gain of 5 runs; thus the score was increased to a total of 8 runs. In the fourth inning Fifty hit a homer. We believe, Bataan did not use sound judgment when without warming up their star pitcher «Coolie»

he was put in the pit and had to face the hard hitting Carlos Gayle, Wilson and Fitzie who earned a home run. The match terminated victoriously for Braves by a total of nine runs for eight innings and an all-out play for seven runs for Bataan. During this play we observed a few glaring errors. In the fourth inning a Brave runner was at third, Carlos Gayle was at second; the player at bat effected a slight hit and Gayle used bad judgment by forcing the third base runner to the home plate without judging the distance of the ball to ascertain if the third base runner could arrive at home on time. Another short coming was that of the Manager of the Braves when a Bataan batsman hit a sky scraper and while the ball was travelling Fairweather ran from third to the home plate and a second run was scored. Had the manager been alive to such a happening he could, no doubt earn an appeal from the umpire and Fairweather would have been automatically out.

Base Ball...

From page 6

Piter was in pink of form and in spite of the hissing and shouts of the Motives and their supporters, seemingly bent to have his nerves shattered, he paid them no mind, but went on pitching strikes against his batsmen.

The Motives were "Shut-out" for the full nine innings play; in fact no batsman reached as far as third base. The Jupiter scored three runs for the play of eight innings, Prince Blake hit a ball which found its way into a room in a house across

the street, then easily arrived at the home plate. José Garrón hit a «Daisy» but was late in reaching the home plate and was cut off. The blame rests with the coach at third; he should have watched the approaching ball and hold the runner at third. In the third inning or there about the double play made by Motives against the Jupiter could have been averted if Allimont had made an earlier star from first to second after the hit was made by the batsman. Our criticism is without malice, but point these out in a vein of construction.

The Contest Between Costa Rica and Jamaica Was Won By The Former

There was no reason to ask why it was only necessary to comply for the air in general was intensive for a final Costarrican victory.

Praises were correspondingly given to the sponsors of the voting contest between representatives in the names of Costa Rica and Jamaica in connection with the effort of the Ladies Auxiliary of the Knights of St. John presented in the school hall of the Roman Catholic Parish on the night of the 10th. instant. Many catchy song numbers were rendered by young artists and with Mr. Sylvester Cunningham presiding at the piano. He also delivered the address in behalf of the voting for Costa Rica and for which his effort was crowned with victory. In specially chosen words

Mrs. C. Bernard, the Cathedral's organist and teacher of English introduced the writer as chairman.

The occasion was graced with the presence of the Reverend Frs. Hubert and Bernard Drug. The financial contributions are destined to aid the construction of the new cathedral and proves the great co-operative spirit of all concerned.

A REMINDER

Our friends along the Old Line as well as in this city and other line towns are reminded of the programme to be given by the entertainers of the St. Mary's Church in Siquirres at Guacimo, tomorrow, Sunday the 23rd.

This is a proposed medium of help for the construction of the Anglican Church at Guacimo and is a cause worthy of every possible support.

The day's outing would be a fine gesture for anglicans and friends of Limon to attend; leaving this city by the early morning, and late returning Limon-Turrialba passenger train.

Jehovah Witness Held Three Day Theocratic Circuit Assembly

March 24 to 26th recently past were the dates on which the Theocratic Circuit Assembly of Jehovah's Witnesses was celebrated in the local Kingdom Hall. As a consequence of the occasion the city gained additional brightness by the presence of the brethren who arrived from almost every section of the Province.

Mr. T. H. Siebenlist of San Jose was the chairman

and who delivered the opening address. The other principal speakers spreadover the sittings were Messrs. A. H. Williams, J. Thompson, J. L. Barnes, F. E. Whitehorn, S. E. Spence, S. E. Morgan, S. O. McDonald, L. Grant, S. Crawford, O. Grant, J. E. Williams, E. Johnson, C. Nelson and T. M. Hardin.

We learn that a very well prepared and effectively rendered programme was in evidence on the closing night of the Circuit Assembly. The brethren as well as their guests are said to be well benefited by the sessions held.

Universal Declaration of Human Rights

— Continued from the issue of April 1st —

Article 25:— Every one has the right to a standard of living adequate for the health and well-being of himself and of his family, including food, clothing, housing and medical care and necessary social services, and the right to security in the event of unemployment, sickness, disability, widowhood, old age or other lack of livelihood in circumstances beyond his control.

2. Motherhood and childhood are entitled to special care and assistance. All children, whether born in or out of wedlock, shall enjoy the same social protection.

Article 26:— 1. Everyone has the right to education. Education shall be free, at least in the elementary and fundamental stages. Elementary education shall be compulsory. Technical and professional education shall be made generally available and higher education shall be equally accessible to all on the basis of merit.

2. Education shall be directed to the full development of the human personality and to the strengthening of respect for human rights and fundamental freedoms. It shall promote understanding, tolerance and friendship among all nations, racial or religious groups, and shall further the activities of the United Nations for the maintenance of peace.

3. Parents have a prior right to choose the kind of education that shall be given to their children.

Article 27:— 1. Everyone has the right freely to participate in the cultural life of the community, to enjoy the arts and to share in scientific advancement and its benefits.

2. Everyone has the right to the protection of the moral and material interests resulting from any scientific, literary or artistic production of which he is the author.

Article 28:— Everyone is entitled to a social and international order in which the rights and freedoms set forth in this Declaration can be fully realized.

Article 29:— 1. Everyone has duties to the community in which alone the free and full development of his personality is possible.

2. In the exercise of his rights and freedoms, everyone shall be subject only to such limitations as are determined by law solely for the purpose of securing due recognition and respect for the rights and freedoms of others and of meeting the just requirements of morality, public order and the general welfare in a democratic society.

3. These rights and freedoms may in no case be exercised contrary to the purposes and principles of the United Nations.

Article 30:— Nothing in this Declaration may be interpreted as implying for any State, group or person and right to engage in any activity or to perform any act aimed at the destruction of any of the rights and freedom set forth herein.

Another Motor Car Tragedy

On Saturday the 15th instant another motor car tragedy was registered. It is reported that the operator, Ralph Brooks of Siquirres was instantly killed and the other three occupants injured. From what we gather one of the men damaged is yet in danger.

We are indeed sorry to learn of this happening and morose for the loss suffered by Mr. and Mrs. Brooks, the youngman's parents. Seemingly, fate had his death in store as he is said to have been heedless.
