Englishmen Win Match

Defeat British Guiana by A Margin
of 235 Runs

From late Jamaica papers to hand we are able to give short summary by cable of first match played at British Guiana between Mr. Somerset's combination:

*Special by W. I. and Panama
Telegraph Co.*
GEORGETOWN, British Guiana, Feb. 25.—Mr. A. F. Somerset's English cricket team gained an easy victory over Demerara, in the first match, which was concluded here to-day by 235 runs.

The Englishmen, who had overnight run up the big score of 241 runs for the loss of one wicket in the second innings, continued their batting this morning. Somerset gave instructions to force the run-getting, and the result was that another 91 runs were added to the score for the loss of 5 other wickets. With a lead of 368 the English skipper declared his innings closed.

British Guiana could only hope for a draw, but this proved a task beyond their powers. A little over two hours sufficed to dispose of the whole side for the small score of 133, the Englishmen as stated before, winning by 235 runs.

Summary of game: Englishmen 225 and 333 for 6 (declared).
British Guiana 190 and 133.

SECOND TEST IN PROGRESS

*Special by W. I. and Panama
Telegraph Co.*

GEORGETOWN, British Guiana, Feb. 27.—The second test match between the West Indies and the M.C.C. combination under Mr. A. F. Somerset commenced here today, and at the close of play the game stands in almost a level position, the Englishmen with four wickets in hand requiring 80 runs to equal the first innings total of the colonials.

The West Indian skipper won the toss and elected to bat. The bowling and fielding of the visitors were maintained at a high level, and the colonials were dismissed in just over three hours' play for the moderate total of 172, three men making more than half the runs between them. Gibbs, who represented Barbados in the first test played at Barbados, was top scorer with a patiently put together 39; Bayley batted well for 35, and so did Moulder (one of the colony's crack willow wielders) for 30.

The Englishmen started batting in the afternoon, and when stumps were drawn had put together 133 runs for the loss of six wickets.

The game which has aroused tremendous interest will be continued to-morrow, the Englishmen with 4 wickets in hand requiring 39 runs to equal the colonials first innings' total.

GEORGETOWN, British Guiana, Feb. 28.—The M.C.C. cricket team did some brilliant batting to-day in the second test match against the West Indies and when play ceased this afternoon, the colonials were in a desperate position, as with but four wickets in hand in their second innings they were but 78 runs on.

The Englishmen who had overnight lost six wickets for 133 runs in reply to the West Indies first inning total of 172, continued their batting this morning and

MADURO & SONS

Sewing Machines **New Home** Prices to suit all

January 15th

gave a splendid account of themselves, the last four wickets adding no less than 188 to the total made yesterday. Young, the professional, and S. G. Smith, the West Indian crack, who now plays for Northamptonshire, set the colonial bowling at defiance, and runs came apace. Wittingham also batted extremely well, and the total eventually closed for 301-129 runs ahead.

Young's contribution was a splendid 73, Sydney Smith made 50, and Wittingham 49.

The West Indians made a game fight in their second innings, and by sound and careful cricket had put up 203 runs for the loss of 6 wickets when play ceased for the day, the advantage being distinctly in favour of the tourists.

THIRD DAY'S PLAY

GEORGETOWN, Demerara, March 1.—The Englishmen have won the rubber and Mr. Somerset will take back the "ashes" with him to England. The M.C.C. combination got the second "test" by 4 wickets.

The West Indians who had put up 202 runs for the loss of six wickets at the close of play yesterday afternoon, continued their game this morning, but a little over an hour's play served to finish off the innings for 272 runs; the last four wickets putting on 70 runs.

The Englishmen were set the task of getting 144 runs to win, and when they had lost 8 wickets for less than 100 runs, it looked as if the game would have a close finish. But Brown and Young, the professionals, got together, and by careful play hit off the necessary runs and won the game for England. B. Holloway batted well for 27, while Young and Brown got 23 and 25 not out respectively.

Summary of the match: West Indians 172 and 272. M.C.C. 301 and 144 for 6.

THIRD TEST MATCH

WEST INDIANS SCORE 203 RUNS
FOR SIX WICKETS

Georgetown, British Guiana, March 2.—The third test match between the M. C. C. combination and the West Indians was started here to-day.

The colonials again won the toss and decided to bat. By slow and careful cricket the total was taken to 203 for the loss of six wickets when play ceased for the day. Hunter was top scorer with a sound 66.

Georgetown, Demerara, March 3.—The Englishmen are again beating the West Indians in the third test match and bid fair to win every game in the series.

In reply to the West Indian total of 203, the Englishmen at the call of play this afternoon had put up 303 runs for the loss of 8 wickets, and thus already hold a commanding lead on the first innings.

The game will be continued to-morrow.

Below we reprint a communication sent by Mr. Somerset to the Secretary of the cricket Council at Jamaica:

LETTER
FROM MR. SOMERSET
A fortnight from to-day, the

14th March, the M. C. C. team under the captaincy of Mr. Somerset, will leave Trinidad for Jamaica.

The above information was embodied in a letter received by the Secretary of the Cricket Council this week.

The team will only spend six days in Trinidad, so that weather permitting they will only play two matches in that island.

Hayti's President Escapes Death

*Attempt is Made to Assassinate
General Simon—British Minister
Calls for Naval Aid.*

KINGTON, Jamaica.—The British Minister at Port au Prince, Hayti, has cabled to the British representatives here asking that a second cruiser be sent to Hayti to protect British interests.

Private advices state that a few days ago an attempt was made to assassinate President Simon.

Save the Birds

In the attempt to restore spring shooting of wild fowl last year, Mr. Gilford, member of the house from Westport, Mass., remarked that Genesis had given man dominion over the fowls of the air, but last year (1909) the legislature had turned it over to women. He said that the state ornithologist (Mr. Forbush) was stiring all the women against restoring spring shooting, and while no one had appeared before the committee for it, the women had not appeared, but had bombarded their members with letters.

After a bitter struggle of five months, all attempts to restore spring shooting were defeated, and on the very night of the close of the Legislature, the sporting interests organized a state Game Association to try again this winter. If it were true that only one man and "all the women" defeated the sportsmen's interests by bombarding the Legislature with letters, should we not now write to our representatives again about protecting the birds? Ella Ormsby Marshall, secretary Massachusetts State Game Committee on Protection of Wild Birds, writing in the Woman's Journal.

Rate-Cutting Likely

New York.—It is reported that the Canadian Pacific steamship line is dissatisfied with the amount of immigrant business allotted to it by the North Atlantic steamer pool, and is making arrangements to transport immigrants to United States ports. This probably will lead to a rate-cutting war.

This is to certify my mind of making this publication of my wife's name. From the twelve of December until now the twelve of February and I make claim of my married tickets and my ring. Because she is living a miserable and dirty life for a married woman and my wife Margaret Allen Bring her self to an awful disgrace she burn her wedding garment and her conformation dress out on the public railway way if she should contract any defile I am not responsible.

R. H. ALLEN
Cimarrones.

The Man About Town

What the Limon Folks are saying

That they missed the Man About Town last week, but like every other mortal, even the machine, he need rest and charge of air.

That it was a pity he was not present during the pugilistic encounter between the 2 women for the bushy-headed modern Solomon.

That these two characters that hail from the land of springs are a decided disgrace to their country and pests to humanity, should be transported to some desolate spot and there kept and fed on bread and water, and at times a few ounces of acid.

That they are pleased to see the re-opening of the public schools so that the children that are running wild about town can be sent to a place of safety.

That the Inspector of Schools seem to have in his black book the school the late renowned and unenviable "T. P." was master of. That a popular Revd. gentleman so as to keep the machine going took the late master's chair, also strap; and that he is not less an adept in applying the leather more than imparting knowledge.

That they would like to know where the British vice-Consulate is to be found, and if haply they stumble on it whether they could get into the cage.

That they hope the article that appeared in "The Times" of the 9th inst. under the headline "Better System Wanted" has caught the eye of the chief.

That they are expecting to see the ticket seller, Mr. Bonillo at his post (the ticket office) at 9 o'clock a. m. every day so as to do justice to his employers, the public and himself.

That this state of affairs should not be tolerated any longer without approaching the chief of this concern.

That they are sanguine Zachus (Harry) will not be the future Vice-Consul. That he has been weighed in the balance and found wanting.

That a better man is asked and will accept the appointment and who they feel certain will be the King and people's representative.

That a good many loose women are to be seen at midnight behind the park, the direction leading to the rum house.

That the corporal of police force when making his rounds as at night on horse back should give this place a call.

That Governor Pardo is winning the affection of all that he is uniting in his efforts to make Limon what it ought to be.

That his latest achievement is the precaution he is taking to prevent extensive devastations of proterty by fire.

That two young ladies (one of Spanish descent and the other German) are to be seen almost every day at the railway station.

That these two idle girls attract the attention of many and was the object of ridicule by a batch of tourists that boarded the train for San Jose.

Current News.

The Revd. Cook of San Jose will conduct evening song and sermon at St. Marks church on Thursday night next.

Eller Hiram Goodrich was a passenger on the Panama from Colon yesterday. The gentleman is President of the West Caribbean Conference and is on a visit here in the interest of the demonstration he represents. He is likely to spend a few days in Limon.

The United Fruit Company's steamer "Parimila," Captain Maden, steamed into port early yesterday morning from Colon with the following passengers: Alberto Garcia, Jacob Branden, Robert Selomon, Miss Maria Schmitter, Jeremiah Kingsbury, Mrs. Margaret Kingsbury, Arturo de la Cruz, J. Weinberger, 18 cabin passengers in transit, 15 deckers from Colon. She brought 4 sacks of maize.

An amusing chase was witnessed on the pier yesterday morning on the arrival of the "Prinz Joachim." A young man bought a pistol from one of the men of the ship, one of the marines, when the man was negotiating for it and when the bargain was struck and the man was going out with his price he was followed by the man who had bought it to a halt he took to his heels and when near the gate plunged into the sea. He then took the opportunity of jumping into the sea the pistol. He was dragged out of the water by two guards and searched but to their surprise nothing was found on him save a box of matches. He was then joined by some of his friends who congratulated him on his job and so as to warm him, repaired to Batolli's tavern and swallowed several ounces of guano.

The "Prinz Joachim," one of the large ship of the Hamburg American Line that visits our shores every four weeks blew her horn early yesterday morning, announcing her arrival. The port doctor lost no time in hurrying on board, and no less was the pilot. Unlike the "Samia" last week the ship brought all the necessary papers to enable her to dock. It was not many minutes after the doctor called her that she was seen coming up to the pier by the usual manner, the many tourists on board taking a roving trip on the good old ship. The following is the list of passengers: Mrs. Jamaica M. S. de la Cruz, Mrs. P. Miss Sattis Jackson, Revd. Elder Pitt, From Colon: Mr. Morris Pitt, Mrs. Panchito Pitt and Miss Julia Frail, Thomas Lawrence, Mrs. Maud Chambers, Revd. Hiram Goodrich, Harold Cobban, Mrs. Rosalia Breen, Miss Julia Breen, Mrs. Magdalena Castell, Harry Harty, 1st Mate Diana, Antonio, Anton Maria Dimant, Antonio Lewis, Miss Lillian Dubois, Alfreda Dubois, David Ardetti, and 9 from the T. P. also, also to tourists from N. W. York.

Not Just Yet Imperial Preference

Berlin. Rigible balloons have not yet sufficiently advanced to justify an attempt to reach the North Pole by this means. This is the conclusion reached by the Zeppelin expedition to Spitzbergen, in a report to a Berlin scientific Society.
The expedition, which included Prince Henry of Prussia, went to Spitzbergen to investigate the possibility of reaching the Pole in a Zeppelin dirigible.

London.—The Tariff Reform Press is making the utmost capital out of the annexationists in the United States Congress, to push the agitation for Imperial preference. The editorials of these papers comment in the gravest tone on the alleged danger threatening the Empire. That action of the Unionist Press however, which regards the policy of preference as killed by the Reciprocity Agreement taken like the Liberal Press, a light view of the matter.

Boy Scouts Rally Ordered

SAN JOSE.—King George has ordered a grand rally of Boy Scouts for his coronation week, and it will be on a much larger scale than the one planned by His late Majesty as King George is patron of the Boy Scouts movement. The great feature will consist of a simultaneous concentrating rush from a score of many thousands of cheering Scouts till they form a circle round the inspecting officers. Then they will sing their 'Hail to the Chief!' and at once squat down, silent, to hear the words King George will address to them.

ALL SORTS

Teacher.—And did you make out a list of the nine greatest men in the history of the world, as I told you Willie—Almost, I can't pick out the best catcher, though, to save my neck.—Puck.
"When Dustin Stax went into Wall street he didn't have a dollar he could call his own". "Yes, but in those days he was more particular about whose dollar he called his own".—Washington Star.
Fair Critic—Oh, Mr. Smear, those ostriches over there are simply perfect. You should never paint anything else but birds. Artist (sadly)—Those are not ostriches, madam; they are angels! Tit-Bits.
