Ottoman and Haitian Question

POWER IS SUPREME.

It has been proved that power is the only protection for man on earth.

You may hear plenty about civilization, but this is no more than a vision, the action of man against his brother is a sufficient proof of this without the shadow of a doubt.

In our daily experience of life we encounter many incidents of this kind where power gets the mighty right.

Without power man is no good except he is not ambitious and prefers to be wretched and poor, but such a man is not in existence, for there isn't one man on the whole earth that would not like to acquire fame if it is within his reach, but the powerful renders him incapable and is a dead stop in the way of his progress.

Take for instance the present situation of the Ottoman Syrians in the Republic of Haiti.

The Haitian Government in her unfair action has caused families to suffer and children to cry. She has raised the sword in the face of the Ottoman Syrians only, and the rest of the Syrians who are still there enjoying all the rights, she dares not interfere with them, and why, because they are protectorates of other powers. The Syrians are honourable and smart business people, but the present weakness of their government exposes them to such calamities and insults in some foreign lands.

Power is needed on earth, providing it is applied in a just manner and every individual has all rights to do whatever he

Retributive Justice.

We understand that there is a cable to the effect that the U. F. Coy's plantations in Boca del Toro have been entirely destroyed by the cyclone of Saturday 15th inst.

This it is said will greatly shorten the supply in New Orleans as by it no less than three boat loads will be short in that market.

This will mean increase trade for the Atlantic as they now have no less than five steamers running to New Orleans from Mexico, Bluefields, Honduras, Jamaica and Santa Marta

The prospects of the U. F. Coy. do not seem very cheery. The Atlantic has entered their nests in Santa Marta and shared their profits, they are doing the same in Bluefields and here in Costa Rica they will share with them probably 20,000 per month just now and later on possibly more, now the cyclone enters the scene and destroys probably 400,000 roots without the prospects of being able to get bananas in the area destroyed for probably six months some.

LIMÓN, (COSTA RICA) MARTES DE 24 JUNIO DE 1912

Carta Abierta

Al señor Presidente de la República,
 Licdo. don Ricardo Jiménez

Señor:

Desde el humilde rincón de mi casa, como Republicano que he sido y soy, y especialmente como Fernandista, á cuyo partido estoy afiliado, tengo placer en elevar á usted mis más calurosas felicitaciones, aunque tarde, por el acto de energía que usted ha desplegado en el presente conflicto suscitado entre las dos Compañías fruteras; y digo que como Fernandista, porque considero que todo el que lo es aplaude ese paso dado por usted y su Gobierno. A usted como hombre prominente, de talento, honrado de palabra sincera para los pueblos, las filas republicanas, encabezadas por el Licdo. Fernández, en cruenta lucha cívica, lo elegimos con entusiasmo para ocupar la Primera Magistratura, llenos de fé, confiados en que en ella, como lo ha hecho, con sus sabias decisiones, salvaría al País, á quien encontraba en tristísima bancarrota fiscal, abriéndole nuevos rumbos al Progreso, hechos que si no se produjeran, habrían sido el progreso de un país.

Algunos, nada que exceda de los límites de los conceptos, juzgándonos lejos de la adulación y tendientes talvez á que se me conceda alguna prebenda; y habiendo manifestado al Gobierno con toda sinceridad, mi falta, causa que dio lugar á miéndonos del puesto que ocupaba; tales suposiciones en la realidad, no quiero puesto, me basta con los sinsabores que he sufrido.

Si hay un círculo en el País, si hay una parte de la Prensa, que de algún tiempo á esta parte se han dedicado á la ingrata tarea de hacer creer al Pueblo que entre usted y don Máximo Fernández existen disgustos ó diferencias que los tienen distanciados en la política, aprovechando esa oportunidad para lanzar golpes contra usted y herir al mismo tiempo la delicadeza de don Máximo, tendientes á que la ruptura sea un hecho, y sin consideración á la honorabilidad de ambos, habemos muchos de entre ellos, que no damos crédito al maquiavelismo de esas intrigas.

Como Agente Principal de Policía que fui en Guápiles, enterado de los disgustos que con alguna frecuencia se sucedían por reclamos del Superintendente de la United Fruit Company, pude permitirme de que de un momento á otro,—sta que entonces figurara la Atlantic Fruit para nada,—podían presentarse al Gobierno serias dificultades, con consecuencias fatales por lo que solicité de usted una audiencia, en la que tuve el honor de exponerle lo que ocurría en la línea, respecto de la faja de terreno del Gobierno y de lo que correspondía al Ferrocarril de Costa Rica; el aumento y organización de la Policía; la nacionalización de aquellos lugares y la necesidad de que el Gobierno tuviera conocimiento perfecto de todo lo que sucedía en todas y cada una de las fincas de aquella región.

No quise manifestar á usted abiertamente mi opinión por temor de que me juzgara iluso ó obcecado; pero es lo cierto que tanto los fugitivos del País, como en algunas partes la United Fruit Company comprenden dentro de su terreno unos el todo y otros parte de la faja del Gobierno. Fué entonces mi opinión y lo es hoy, que en esa faja así como en la del ferrocarril, no han debido permitirse construcciones ni arriendos de ninguna naturaleza; en la primera, porque la Ley, en una extensión de veinte pies, la ha destinado exclusivamente para camino ó carretera; en la segunda, porque consintiendo como lo ha cometido la Compañía, se han violado los tratados existentes acerca de la materia, toda vez que en ellos se estatuye que las únicas construcciones en dicha faja son aquellas que facilitan con comodidad el servicio y marcha del ferrocarril y nada más.

El Gobierno actual sabe que la Compañía del Ferrocarril persibe regular cantidad de colonas por derechos de piso en esa faja, debido á construcciones de casas de jamalcaos é hijos del País, cosa irregular, porque esto no está comprendido en ninguno de los contratos.

La tolerancia y liberalidad de nuestros mandatarios anteriores han dejado al Gobierno de usted, con el consentimiento de sus hechos, una cuestión jurídica de gravísima trascendencia, como la es la de la prescripción, manteniendo al Gobierno, á este respecto, en situación bien tirante y que forzadamente tendrá que resolver, salvando la dignidad del País.

¡Bananeros!!

Vendo los siguientes lotes de terreno, ó acepto un socio capitalista para cultivarlos:

Lote de 200 hectáreas—tercer orden—situado en la Segunda División Atlántica: colinda por el Sur, con la finca "La Colombiana" de la United Fruit Co. Los cultivos y tranvías de esta finca llegan hasta el lindero de mi terreno.

Lote de 150 hectáreas, situado al sur de la finca "Venetia" también de la United Fruit Co.; y como en el primero, los cultivos y tranvías de esta finca. Llegan al lindero. Ambos terrenos son planos, tienen abundantes maderas y garantizo que son excelentes para el cultivo del banano.

Ricardo Mora Fernández

Lima, Junio de 1912

FOR SALE

Lots 5 & 6 Manzana 49 (adjoining the Cuartel) with 7 houses and a fine building site at the corner of 5th St. & 5th Avenue.

Property yields a substantial rental and comparatively new or further particulars apply to C. Wilson Box 132 or at his residence Manzana 35.

¿Podrá decir que la United Fruit Company ha cumplido para con el Gobierno todas las obligaciones que le imponen dichos contratos? Según mi criterio, muy pobre por cierto, no las ha cumplido; en semejante caso, para mí, cabe la rescisión ó caducidad de ellos.

Hoy la Compañía (United Fruit) ha pedido al Gobierno la ampare en sus derechos, solicitando un número de fuerza ó policía para que sean respetados; ha ordenado cercar por todas partes, lo que considero atentatorio á la magestad de las leyes. El Gobierno en esto ha procedido con recta justicia, amparando á la Compañía como lo pide. ¿Pero hay seguridad de que esas cosas comprenden derechos de terceros? Mucho temo que sí; y que tales hechos ocasionen una segunda cuestión jurídica, de tan difícil resolución como la anterior.

Al existir expedita la faja del Gobierno Nacional, la Atlantic Fruit Company no habría tenido los inconvenientes que se le han presentado para el acarreo de su banano á este puerto, porque así no se trataría de quebrantar hoy el precepto constitucional que garantiza el libre tránsito; y así como el Gobierno ha amparado á la United Fruit Company, debe seguir haciéndolo respecto á la Atlantic Fruit, en los derechos que nuestras leyes le concedan.

Urge, pues, que se dicte una medida salvadora; que se nombren Ingenieros que procedan á revisar la medida de esas fajas; y que se lancen ó se proceda á la expropiación de las partes de ellas que estén ocupadas.

Mi fé en usted es inquebrantable por más que haya habido alguien que no me considere su amigo; creyendo que se seguirá procediendo con la misma entereza en todas las contingencias que puedan sobrevenir, secundando al Gobierno como lo he hecho de manera eficaz, los señores Gobernador y Comandante de Plaza de esta ciudad, por más que después aparezca Mister Mullins, negando hechos que constan oficialmente.

¡Antes que todo, la Patria! Termino apenado por haber molestado tanto la atención de usted, con estos renglones, lo que bondadosamente se me irá dispensar. Como lea y consiguiente, me suscribo de usted, amigo, ferviente y amigo.

A Torpedo.

On Saturday a man named H. J. Scharsmidt was seen along Avenue 1 when he ran a breast of him going over the shops which suddenly a torpedo which was to have been put on the line by some idle one, exploded and the fragments struck Scharsmidt in his back cutting through all his clothes and gave him a good wound which bled profusely. He was sent by Mr. Owen to Dr. Echevarria to be attended to. These torpedoes are apparently put into the hands of irresponsible boys as brakesmen, who in turn place them where children can have access to them, hence all these little tricks which end fatally some times. We remember some time ago when two children got killed by one of these things at Jamaica Town. A better check of these articles ought to be kept by the conductors. That man might have been struck in his eyes instead of his back, what a difference this would have been.

School for Detective.

The "Prensa Libre" has written an article on the propositions made by Don Luis Castro Saborio to the Government and the favourable opinion of this Government of those propositions which have as their object the opening of a school for training detectives.

This is a very advanced step and proves how quickly the Government of Don Ricardo Jimenez can grasp at any idea for the advancement of her people along the lines of progress and civilization in keeping with other countries. In a country like this where there is such a diversity of opinions, nationalities, creeds and colours due to the ever increasing arrivals day by day in consequence of which there must always be the customary influence of evil present in every rising town and as an effect of this, the corresponding amount of crime emanating from this influx.

It is high time that an efficient detective force be encouraged and tutored by experts in the profession, so as to cope with the present day rascality, as we said some time ago education is for a great part used today for the deepest rascality, hence those to unearth such rascality must of necessity themselves be well educated.

We are proud of the move.

Heavy Death Rate

Limón is like France, her population is decreasing had it not been for continued immigration. There were born in Limón during the month of May 15 male children and 5 female, meanwhile there died 17 male and 10 female persons. There were two civil marriages and one Catholic.

In Puntarenas there were born 26 children as against 16 persons dead, in San José 149 births as against 112 who died, in Cartago there were 90 births to 41 deaths, in Alajuela 58 births to 45 deaths, in Heredia there were 12 births as against 10 deaths, in Liberia 5 births to 4 deaths. Hence Limón will be seen to be the greatest death trap of the Republic according to the statistics.

Accident to Coolie

Last week some time a fatal accident occurred by which a coolie pedlar got his back broken. It appears that the carpenter gang repairing buildings for the Northern Railway was running on a pump car between Matina and Louisa West when they met this Coolie pedlar who begged them for a ride, they took him up and when in running he seem to have hung his feet so low that they caught on the ties pulling him under the car and in going he seem to grasp under the jumping bar of the car which fell down in his chest and crushed him half on top and below the car. He has been taken to the Hospital where he die at any moment as the doctors think him a hopeless case. He gives out a story that he was on the trolley beat and he kicked him, but this is decidedly false.

Fire in the Market

On Sunday a very serious accident might have occurred by which the entire market would have been destroyed by fire. A man named Smith from Zent came to town and as he said bought a vial of vitriol from a drug store, (he did not say which); he went to a freestone stall at the North West of the Market known as Fred. die's to get a freestone, when some how the bottle fell to the ground and broke, no sooner than the bottle dropped the whole place was in flames, fortunately it did not touch the woodwork of the stall or the market would have gone, the poor frightened man threw a bag on the flames to suffocate them, but no sooner than the bag touched the substance it disappeared in flames, water was thrown on it but had little effect until it burnt out on the concrete pavement.

In all this a police was not to be found; the man should have been arrested and an enquiry as to what drug store sold him this stuff as surely the law prohibits the sale of such dangerous explosives or flammable materials to unknown parties as they can very readily be adopted to criminal purposes especially in this province where fires are so prevalent from causes of revenge or gain. The man said he bought this stuff to kill ants, but this is always the plea, which ends in crime at times.

The undersigned on behalf of the Atlantic Fruit Coy. is prepared to buy bananas, and treat with the growers for the delivery of bananas at once. The first shipment will be made from purchases made the 14 & 15 inst. Bananas will be received at points to be named, at 34 cents gold and alongside the ship in boats or in Carload Lots at 55 cents gold. We solicit the support of farmers, to help to keep us doing business in the country until we shall have been able to establish on a firmer basis, by the purchasing and planting of our own properties. We will call attention to the benefits that have accrued to the public Jamaica by the competition of our Coy. Which we have been able to place the Fruit industry of that country on a substantial basis to the grower. Therefore do not listen to the proposition that may be put to you for the object of getting us out of the way, and then bring you back to the former disastrous state of affairs. Now is your time Planters! Open your eyes and help to encourage competition in the country. It is our intention to treat every man alike, and to help the small Farmers to cultivate his holding for our Mutual Benefit. (Sgd.)

R. C. Wetmore.

THE TIMES

— COSTA RICA, COSTA RICA. —

HIGH HANDED ACTIONS

Whatever can be explained in the columns of this journal, seem always to arouse a keen pleasure in the Directors of "La Information" and "La Republica" for rivalry by contradiction. The public is fully aware of the veracity of every statement made by us relative to the accomplishments of the officials of the U. F. Coy. of a week ago and themselves must acknowledge in their heart of hearts that every statement made was scrupulously truthful. This week will those journals contradict that roads that existed through different farms for years and years have been stopped by wire and trees fallen across them at the instance of officers of this Coy. Will they deny that embargoes have been made on fruit over which the company had no control whatever, in spite of being clearly explained to them? Will they deny that graft and corruption has been going the rounds by men sent out offering big prices to bribe witnesses to prove that they saw certain bananas being cut from contracted farms? Will they deny that the officials and men of the company were well provided with arms?

We are yet to learn when those arms passed through the Customs, as we have very few dealers in such things here. Will they deny that the officials of the company acted as officers of the police guards, giving orders as to what had to be done and in spite of the fact that Mr. Marshall proved to the police by documents that the Atlantic Fruit Coy. has legitimately bought and paid for those fruit, yet they refused to deliver them stating that Mr. Farrer said not to deliver them and worse yet that the police refused to sign to the above statement when asked to do so? These abuses go to prove that the U. F. Coy. is using might as right and as we have that confidence that the Jimenez Government cannot be bought we feel that it is time that the Executive Body ought to rigidly investigate this matter and put an end to these atrocities, as it is having the effect of crippling the banana industry as well as the Commercial life of the Province. There are several people who would have sold fruit last week but they were frightened by the Agents of the U. F. Coy. telling them that the Government were sending police for the U. F. Coy's exclusive use. It is time that the Agent of the Atlantic Fruit Co. appeal to the Government to decide the rights of this monopoly of the fruit of Costa Rica. Even in Colombia this assumed monopoly has not been upheld less should it be in free Costa Rica, a test case of the recent contracts would decide our fate, besides why does he not question the responsibility of Mr. W. E. Mullings as Administrator of the F. C. C. R. He may be Gen. Manager of the U. F.

Coy. and Northern Railway but we do not think that the Government looks upon him as the Manager of the F. C. C. R. as yet, this concern being practically government property conceded to the handholders of that Co. under certain conditions. Whether those conditions are being upheld or set aside by the recent actions of Mr. Mullings, are matters that Mr. Wetmore ought to decide.

Fewer Gallons; Wears Longer

Fewer gallons; takes less of Devor Lead and Zinc than mixed paints. Wears longer; twice as long as lead and oil. Davidson & Co

Two Sides of Story

Mr. Editor: Sir—Referring to a statement made in an issue of your paper last week, that Brakeman Lawrence had given Gen. Car Foreman a whipping, please notify the public through your columns that this is absolutely false as during the entire irascas Lawrence never succeeded in landing one blow but used the most indecent language to Mr. Fouse. Also the trouble did not start of his refusal to take car to another yard but on account of Lawrence's dirty language in reply to order given him to switch car.

Thanking you for space.

I am etc.,

EYE WITNESS.

Lodge Election.

The Election of Officers for the Phoenix Lodge came off last week when pretty much the same officers were returned. This makes the third term for Bro. Notice as I. G. which tells a lot for that Brother and the Lodge. We understand how ever that as there was a charge of a very serious nature pending against all the officers of the past administration for loaning out certain of the secret works of the Lodge, it is not expected that the election can stand.

Atlantic Fruit Company

This Banana Company which has hitherto upheld the competition in the
purchase of fruit in Jamaica during the past 6 or 7 years with great benefits
to the planters and for the public good of that Colony load 6 or 7 steamers
weekly. We have an equal number of agents in Mexico, Cuba, Honduras and
Nicaragua with a fleet of 30 steamers at our command for the transportation
of fruit for the supply of the market of the United State and Germany.

With the object of establishing in Costa Rica on a secure basis we entered
into negotiations with Messrs Lindo Bros for the purchase of a considerable
number of farms. This negotiations at the last moment has reached a regret-
table stage; the Company in spite of these difficulties have the hope
of arriving at a satisfactory settlement, and on their part are disposed
to comply with the stipulations in order to lose no time they have decided
to enter into contracts with the Banana producers through me.

The price which the Company is prepared to pay is as follows-34 centavos
American gold for first class bunches, and 16½ for second according to the
classification in practice in this country payment will be made in cash on pre-
sentation at the offices in San José and Limón of the checks issued by the
employees of the Company. The Bananas are deliverable on the line of rail-
way at the usual platforms.

The Company will give the greatest facility and advantage for the
cutting and delivery of the fruit.

For further information please apply to the under signed Agent at his
office which will be shortly opened in this city.

NAME.....
Address.....

Col. Don Emiliano Padilla.

We have advice that Colonel Don Emiliano Padilla retires from active service in Limon as Commandante de Plaza. in consequence of illness, not alone to himself but to his family. We are very sorry that this misfortune should have fallen on us, we feel it a misfortune to us more so than it is to Don Emiliano, for it is very seldom that Limon is favoured with officials so genial and impartial as this gentleman. He administers justice with mercy to those who unfortunately have to come before him. In Limon the officials administering the laws are (some of them) most capricious, and at times act most arbitrarily, but not so with this gentleman. He endeavours to soothe the trials of all who may have to come under his notice. The police force will mourn equally with the public the loss of such a good man, but we will hope that his trip to San Jose may soon restore good health to himself and family. The Limon Times extends to him the hopes of a continued prosperous career and believe Limon may yet be favoured by his presence in duty again with us.

They have Scored Two

Quite a large crowd was present at the Metallic Pier on Sunday evening to witness the second shipment of bananas made by the Atlantic Fruit Co. The crowd might have been larger were the town folk aware that the embargo made by the U. F. Coy. was frustrated by legal force—Bravo Atlantico.

Pro Patria

There is a war that's raging strong
Between a noble pair;
We know not which is in the wrong,
But we wish to see things fair.

They remind me of the old tin-pan
That quarreled with its mate
But deeds will always show the man,
As sure as fate is fate.

Banana is the cause they say—
Oh, what a noble fruit;
It evidently carries sway,
O'er man and beast and brute.

But competition is the thing
We need and ought to have;
No country is a verity
In trade, without this staff.

Farmers, the onus is on you
To keep the "A. S." up;
For, if you to yourself be true
You'll drink o' the full cup.

Don't heed the contracts that you see
Creep to your very doors;
For many of these who bring them be
"The boots that pinch your toes."

We hope to see things carried through
To everybody's credit;
And Costa Rica and her crew
Will be the better for it.
