## Canada and The Empire.

London, July 24.—Alluding to the visit of Mr. Borden to France, the "Daily Mail" says this morning: "Anything tending to improve the relations between Canada and France is a gain to the Empire. The visit will also emphasize the fact that Great Britain and France have long ceased to be divided. The French-Canadians must see that in strengthening the defences of the Empire, they are also pledging the security of France."

The "Manchester Guardian" in an editorial today disparages what it describes as "the violent note of alarm sounded in Mr. Churchill's Naval speech" and urges a constructive policy of friendship with Germany without the sacrifice of the friendship of France.

The editorial continues:—"The hopes that the colonies will extricate us from our difficulties seem widely out of proportion to the actual facts. The colonies for a long time to come will do well if they can make themselves responsible for their own Naval defence. Even Canada, which under Mr. Borden has gone further than the others, does not expect actually to lighten our burden. Moreover, her aid is conditional on serious changes in the Empire's constitution which are full of difficulties, and we think of grave inconvenience. The matter cannot be settled by sentimental impulse. Parliamentary federation is quite out of the question for the moment and colonial representation could only come by the admission of the colonies to the Executive. The result would mean an increased independence of the Executive which would aggravate the existing evil of the loss of control of foreign affairs by Parliament."

London, July 25.—The "Daily Mail's" Parliamentary correspondent declares that it is an open secret that Mr. Borden and his colleagues are prepared to recommend the contribution of £6,000,000 to build three Dreadnoughts, but nothing can be announced until the Ministers return to Canada. The "Daily Mail" believes that this knowledge influenced the British Government in preparing the recent Naval Estimates.

## Diocese of Honduras.

The "Jamaica Churchman" says: "No appointment has yet been made to succeed Bishop Bury in this Diocese, although the Archbishop has made strenuous efforts to secure a successor. In the meantime Archbishop Murray at Belize is administering the affairs of the Diocese, especially in British Honduras, and

## Marvelous Operation.

The following surprising surgical operation is translated from the "Noticiero," Hartford Connecticut, 31st July. In the Hospital in San Francisco, an operation was performed on Mrs. Liptin, who was enceinte and suffering from a very weak heart. In effecting this Cesarean operation, in consequence of the weakness of the heart of the patient, a connection had to be made between a vein of the right arm of the husband who was a very strong man, and that of the left arm of the wife. During the half hour that this operation lasted, the husband's heart did the circulation for both bodies. The disconnections of both veins were made as soon as the heart of the woman assumed its normal condition, leaving both parties in a perfect state of health.

The operation gave beautiful results, because the male child which was taken from its mother is in fine health, weighing 12 pounds and its parents are perfectly happy.

## World's Politics

In the differences between England and Germany, commenting on the views expressed by Mr. Balfour, Lord Haldane, Sir Thomas Barclay and others the newspapers in commenting on the situation agree of the need of the existence of a strong German fleet as a vital issue for Germany to protect its constantly growing foreign commerce and insure the import of food as necessary for Germany as for England.

It is pointed that even in the best times Germany only raises enough food to feed her inhabitants six days of the week, and cites English statistics to show that while England has to import food for thirty millions of her inhabitants, Germany must do the same, for from twenty one to thirty two millions of hers.

In view of these sentiments it is calculated that any attempt now to ameliorate circumstances may tend to intensify the controversy.

## Archdeacon Robinson is responsible for Costa Rica and surroundings.

Dr. Knight, the Bishop of Cuba, has oversight of the work in Panama, pending final arrangements between the English and American Church authorities. As stated elsewhere, two Deacons from Costa Rica, the Revs. W. F. Lord and W. J. Orsford, were ordained Priests at Spanish Town Cathedral on St. Barnabas' Day.

## Por la Higiene

No queremos por ningún respecto lastimar la delicadeza del Señor Benjamín de Céspedes y Santa Cruz en su carácter de Jefe de la Higiene en este puerto, quien merece toda nuestra estimación y respeto—y de quien nada podemos decir del cumplimiento de sus deberes en el ejercicio de su cargo, pero si esperamos que informe con toda la energía de su carácter, ante las autoridades del caso acerca del mal estado en que se halla la Cárcel de esta ciudad, edificio que fué creación de él, destinado a escuela y por aberración convertido hoy en Cuartel. El sabe lo mismo que nosotros que á diario lo visitamos que no se ha terminado de repellar interiormente, que sólo una parte se ha enlozado; y que el patio

está en cimentar; que las letrinas despiden un hedor insoponible; y que el hacinamiento de personas en él le dan una condición de insalubridad que es necesario evitar á todo trance: hoy que se acentua más la amenaza de la peste bubónica. No ignoramos que se le presentarán al doctor Céspedes algunos inconvenientes en la práctica de tales medidas porque ya antes se le han presentado, pero á lo menos habrá dado cumplimiento su deber, salvando la responsabilidad que pudiera sobrevenirle. Ese edificio tal como está, sin que se le hagan las reparaciones apuntadas, presenta un estado tristísimo de desaseo y mala impresión á quien lo visita.

E. JIMÉNEZ DAVILA.

## Caridad!!..

El Dr. de Céspedes y Santa Cruz, nos hará el favor de excusarnos si nos permitimos, con el debido respeto que su persona nos merece, anotarle al margen de su nómina el nombre del nicaraguense Antonio Alvarado ó quien se le negaron en días pasados los auxilios mas insignificantes de la ciencia médica, se pretexa de que no era costarricense.

Al frente del mercado, tendido sobre la acera del Tivoli, puede verlo el Dr. Céspedes, cuando así lo desee. Allí lo vimos nosotros el lunes en la tarde; allí tiritando de frío, y de hambre; en el supremo desamparo de la miseria lo vimos llorar. Quizá su voz, se eleve como tributo de gracias, á los poderosas de la tierra, que viven derramando obra el fragor cristal de los copas, la blancura espumante del Chámpaña

Un grupo de señoras se detuvo compadecido (sus nombres estan en nuestro poder)

Es seguro que nuestro amigo don Antonio Talla, cónsul de Nicaragua en Limón, ignora este hecho; de otro modo ya hubiera hecho algo en favor de este paria, que agoniza en las calles, como un perro sarnoso.

Creemos nosotros, que para prestar los auxilios mas rudimentarios de la ciencia, no es necesario ni mucho menos indispensable la nacionalidad del paciente.

No son cargos gratuitos, como creren algunos, con hechos verdaderamente increíbles que vamos anotando, para que el público juzgue de ellos como se debe.

## "LA GUERRITA" EN EL COLON.

La "Guerrita" la deliciosa artista que pone la gracia encantadora de Andalucía en los couplets de cañe nos deleitó el Domingo en la noche por la primera vez.

Hemos visto muy pocas bailarinas que la aventajen, cuando sus pies sejen sobre el prosenio los giros de la danza, evocando en el valven de su compases los misteriosos anhelos que Salomé desgranara delante del Tetrarca.

Gira su cuerpo en contorciones de serpiente mientras resvala titilando entre los pliegues del vestido, el fulgor de la pedrería.

Para esta noche nos anuncian "La danza mora" que ejecutada por ella será un gran triunfo, por que saben sus pies desifrar los misterios del vals, y porque su figura llena de gracia y de alegría nos hace olvidar las horas monotonas de nuestra vida borguesa.

## Poder General

Teniendo necesidad de ausentarme del puerto por algunos meses por motivo de salud, dejo con poder general para que me represente en mis negocios de esta ciudad, al señor don Lucas Daniel Alvarado Blandi, con quien pueden entenderse los que tengan cuentas pendientes conmigo.

Almó encargado del negocio queda don Vicente Hernández Ramírez.

ANDRÉS BORZONE

## Informas tomados

### en la oficina de la Tesorera de la Junta de Caridad.

El Señor Tesorero puso á nuestra disposición todos los libros y documentos que le pedimos, á fin de dar algunos informes relativos á este servicio, de los que recojimos los siguientes datos:

Se han atendido durante el mes de Julio del corriente año, 70 enfermos con 672 estancias que 250 colonos cada una hacen un total de 1680 colonos han muerto quince de los enfermos mandados al hospital, por cuenta de la Junta, cinco de los enfermos mandados por la United Fruit Co., y veinte en la ciudad. Notamos que con casi el mismo gasto que se hacia en tiempos anteriores se presta mayor servicio y preguntado que hubimos al señor Tesorero, nos dijo, que obedecía á la economía que se hacia en otros servicios, y que la Junta se interesaba muy particularmente en atender á los verdaderamente necesitados para lo cual se hace todo lo posible.

Vimos con agrado que se ha puesto la Junta al día con la United Fruit Co., en el pago de los servicios de hospital, cuando que estaba muy atrasada el primero del corriente año.

Notamos tambien la extrajerada proporción de defunciones de señores que en el mes de Julio así todos de un año y menos, habiendo varios nacidos muertos; nos dijo el señor Tesorero que esta proporción es muy frecuente, pero que la razón no la sabia.

Agadecidos de la fineza del señor Tesorero, nos retiramos etc., etc., de allí pensado lo mucho que pueden en favor de los desahucados, una criterio amplio y una economía bien dirigida, poesías en favor de los desgraciados.

## CRONICA EXTRANJERA

### Influencia del sol en la telegrafia inalámbrica.

Durante el eclipse de sol del 17 de Abril se hizo en París una notable experiencia relativa á la telegrafia sin hilos.

Se ha notado desde hace mucho tiempo que la distancia que pueden recorrer los radiotelegramas varia segun la hora y la dirección en que se envían. Un despacho lanzado por vibraciones rápidas y que no llega á más de 700 millas durante el día, puede recorrer una distancia de 1,400 y hasta 2,000 millas después de la puesta del sol, sobre todo en la dirección Sur. Si se trata de vibraciones lentas, el despacho puede llegar durante el día á una distancia mayor que la indicada.

Estos curiosos fenómenos se atribuyen á la influencia de los rayos ultra-violetas del sol, dados los grandes cambios que experimentan las condiciones atmosféricas entre la salida y la puesta del sol.

El eclipse ha proporcionado una magnífica oportunidad para la prueba decisiva. Habiéndose enviado mensajes desde la Torre Eiffel, sin interrupción, y en dos direcciones, desde el momento que precedió al eclipse hasta poco después los hechos han confirmado la teoría de que los rayos ultra-violetas del sol son un factor poderoso de energía para las ondas hertzianas.

## La gran lata

Alguna veces se abusa de los médicos.

Una notable doctor de París, ya viejo que economiza su trabajo y que sale de su casa lo menos posible, fue llamado por un enfermo, con verdaderos apremios, hace pocas noches.

Cuando llegó á la cabecera de su cliente, le oyó decir:

—¡Ay, doctor! Estoy muy malo. Creo que me muero.

El doctor, después de examinar al paciente con estóica frialdad, le pregunta:

—¿Tiene usted hecho su testamento?

—No— contesta el enfermo, palidísimo.

—¿Cómo se llama su notario?

—Gustave Polain... Pero, doctor, ¿es que usted cree?

—Que lo llamen en seguida.

—Pero, doctor, yo le ruego que me diga...

—Y que vayan á buscar á los dos hijos de usted y sus nuera, que no viven lejos.

—Entonces, ... es que voy á morirme?

—No hombre, no... Es que yo quiero ser yo el único imbécil á quien ha hecho usted salir sin necesidad esta noche de su casa.

## Quarantine

All vessels arriving in Jamaica from Cuba and Porto Rico will be placed under 30 days quarantine, hence the Hamburg American liners may not call at Havana in going to Jamaica.

## Governor's Return

Sir Sydney Olivier Governor of Jamaica arrived back in Jamaica on the s.s. Metapan on 22nd July, after being away for approximately two months. His time in England was occupied for the most part in matters of deepest importance to Jamaica such as the question of the best means of postal conveyances, road motors, etc. Dredging for swamp reclamation, taking advices from learned Counsels on Tramway Coy's disputes, the service between Jamaica and Canada, Agent for Jamaicans in Central America and such like matters—with regard to which he told a "Gleaner" representative that he had discussed with the Foreign Office, the question of an Agent for Jamaicans in Central America.

The Foreign Office with whom the matter rests, was prepared to co-operate in the establishment of such an agency, and to ask the Imperial Government to increase their contribution towards the office expenses of administration in Central America, but it had not yet been absolutely decided as to what the salary attached to the position should be whether it should be filled by an officer in the Consular Service, or by an officer in the Colonial Service of Jamaica. His impression was that it might be better to appoint a gentleman who was connected with the Colonial Service of this Island. It is expected that Sir Claude Mallett, Minister Plenipotentiary to the Republic of Panama, will shortly be paying a visit to Jamaica; and His Excellency said he would then have an opportunity of discussing the matter with him and receiving his final recommendations on the subject. Relative to his stay being prolonged after May next, when his term of office will expire. His Excellency said that he was not in a position to say anything on that question as he did not know whether he would be sent to another Colony or what.

## Petty thefts

Of late fowl stealing is rampant in town. Several people who have rented quarters near Dr. Echeverria's building are constantly complaining of serious loss of fowls weekly. It is reported that certain tenants occupying rooms on the western wing of the building in question are stealing and carrying off fowls, chickens, and all by the fives and tens every night. It is hoped that the police will keep a good look for these carnivorous animals.

A couple nights ago there was also a robbery of cacao at Mrs. Arnold's farm. From what we are told, the cacao house was entered into during the night and about 120 lbs. cacao stolen from it. As soon as the door was opened in the morning, Mr. Nunes, the Overseer discovered that cacao was missing, although the Foreman

## Arrives without Memory

Plymouth, July 21.—On board the steamer majestic proceeding from New York, a certain passenger lost his memory, rendering his identification absolutely impossible. It was found that his pockets were cut and that he carried no baggage.

His only possession was a five dollar bill. At the wharf at New York he was accompanied by a very well dressed individual.

## Sanitary Dept.

We wonder whether Dr. Caspedes ever visits the corner of sixth Street and Sixth Avenue. There is a drain there that needs his attention badly. The excavations in the Cemetery are also matters that he should enquire into. We take it for granted that he knows that graves are being opened up there, and other bodies placed in those graves, hence he may send an Inspector there once in a while to see how things are going, in the rainy seasons you can see some very peculiar waters running about and some very peculiar odors, it is worth his while to inspect there once or twice weekly. We can have other diseases besides the Plague.

who opened the room, did not seem to observe this.

According to the circumstances of the robbery, inasmuch as there are several people passing through the property of late by governmental permission, yet it is evident that the person who did the robbery must be one who knows all about the place, as far as our informant goes there seem to be a good look out for the thief.

No, 'Any Tonic' won't Do.  
Get SANATOGEN

The doctor's parting caution emphasizes a conviction based upon knowledge and experience. The doctor knows that the ordinary 'tonic' is nothing but a temporary stimulant. He knows that his patient needs something which will actually nourish the run-down nervous system with organic phosphorus. And he knows it in the words of Sir Charles A. Cameron, C. B., M. D.:—"Sanatogen is an excellent food, of the highest nutritive value, containing a large amount of organic phosphorus exactly the form in which it can be easily absorbed."

SIR WILLIAM R. HILL M. P., writes—"I have much pleasure in stating that I consider your preparation, Sanatogen, as of decided value. It performs that which promises to do, and I have recommended it to several several friends."

## Sanatogen

### The Food Tonic

A SPECIALIST writes in the "Medical Times": "Sanatogen has a marked effect on the nervous system and may be used with great benefit in all cases of physical Weakness."

The RT. HON. SIR JOHN GORST, writes that he "has long been acquainted with the great merits of Sanatogen—has taken it with excellent results, and where necessary will certainly take it again."

SANATOGEN can be obtained of all Chemists, or direct from the Squirres New Drug Store Costa Rica.

### THE TIMES

Port Limon, Costa Rica.

#### THE PRESENT CRISIS

We cannot but note the present depression in trade in and around Limon. Of course this is practically noticeable in consequence of the activity that surrounded us while the engagements were proceeding between the two Coy's. We have seen men around us who might never have had a chance of a job with the U. F. Coy. suddenly springing into prominence with that Coy., as Supervisors of fruit or Tracers of boundry line Leaves droppers and Secret Service Detectives all under pay. Why, even the foremen from the different farms around the country who were chosen to assist in the work of protection to the rights of the U. F. Coy. they all had to be in Limon or around during the time the struggle lasted which meant extra life to the trade of the town. Then again there were the employees of the Atlantic Fruit Coy. who had no jobs for months and months gone by, suddenly putting in their dollars in the stream of commerce. On the other hand the farmers all felt happy and contented with their extra four cents (gold) and the prospects of the sale of the six hands fruit along with a security that none of their fruit would be rejected, but on to this the lavish way in which these watchman were entertained, for even the monthly men have all been nicely recompensed through the foresight of their genial chief Mr. Chitterden, by accommodating them with provisional or transferable time cheques in consequence of their absence from home and faithful services. All these things have tended to brighten up trade while the contest lasted, but now that it is all gone, and the hopes of competition lost, even although the United Company has been generous enough to grant amnesty to their foe, yet the sudden fluctuation could not but have its corresponding disastrous effect on trade. We see several places being closed, we hear the rent collectors all complaining, and even although don Carlos has dropped the price of beef to 15cts per lb, the people cannot show their appreciation of his generosity by responding in the quantity bought. One cannot but reflect that all this is caused by the failure in securing competition. Let us hope however, that as we hear of an option that that option may be taken advantage of and one day we may see the Atlantic Fruit Company cultivating on a powerful scale in the Parismiana Valley. We already see the Lindo Fruit Coy planting and falling large tracts of land in the Bananito Division, so that in a few months deliverance may be sent to our Joors or we shall all likewise perish.

#### Bible Class

Limón, Aug. 4.—Notwithstanding the rain, the Bible Students Hall was crowded to hear Mr. V. E. Samuels, who lectured from the topic: "Is there life beyond the grave?" In part he said Job's question is similar to ours when he said "if a man die, shall he live again Job 14, v. 14."

He agreed with both Catholics and Protestants, that only the saintly few will go to heaven, but ask what will become of the 1,200,000,000 heathen dying at the rate of 90,000 a day (according to a Missionary Journal) in Christless despair? He said however that he disagrees that at the moment of death one passes into Heaven of bliss if faithful as a saint or if ner, into eternal torment, which our forefathers with all good intention believed and taught; but would rather agree with the Bible which teaches very plainly that the dead know nothing Ps. 146, v. 4, Job 3, vs. 17-19, Ecc. 9, v. 5 that through Amam's disobedience the sentence of death (not eternal torment) passed upon him and his race. Gen. 2, v. 17, Roms. 5, 12, 1 Cor. 15 v. 22, Ezek. 18, vs. 4, 20.

He then after citing many scriptures to back up his point states that the scriptures hold out the one one hope and the one consistent hope, both for the saintly few and all including the heathen, and that hope he said is in a resurrection, which is promised first to the Church, (the true not nominal) 1 Cor. 15 v. 20, Rev. 20, v. 6, 1 Cor 15, v. 50-51, Roms. 6, vs. 5, 8. And after he said to all the families of the earth Gen. 22: 18, 28: 14, Gal. 3: 8, 16, 29. He continues by saying that why the world is so perplexed is because they have lost the key to the bible which key he said is to be found in 1 Tim. 2, vs. 5, 6, which said "For there is one God and one Mediator between God and men the man Christ Jesus who gave himself a ransom for all to be testified in due time. Now he said we have found the key in due time. It is now testified to the Church the faithful followers of Jesus whether in or out of any denomination, and soon when Messiahs Kingdom is fully set up, its to be testified to all the families of the earth who are to get their blessings. Gal. 22, v. 18. Then and not until then under favourable opportunities all will have their one and only privilege for life, and the soul being that will not obey that prophet (Messiah) shall be cut off from among the people. Act. 3, vs. 19-21 Jer. 31, 31: 29-30, Act 3, v. 24 He continues by saying: Let us then dear Christian people put aside the fancied dreams of the dark ages, handed down to us through our creeds and hymn

### A Fine Job.

On Thursday last, one could not help admiring the very efficient manner in which Capt. Simmonds brought up the s.s. Prinz Sigismund.

The Tivives came in long ahead of her and started coming up to her berth before the Sigismund dropped anchor, we were all watching with eager eyes to see who were the passengers on the Tivives, but to our surprise by the dexterous handling of the other ship, Capt. Simmonds beautifully brought his ship alongside in good style, way ahead of his rival, whether the steering gear or any part of the machinery of the Tivives was defective we cannot say, but certainly Capt. Simmonds deserves credit for the fine shape in which he handled his ship, coming in an easy winner with a handicap of no less than an hour.

#### LETTER TO MR. OPAL SCHROETER, LIMON

Dear Sir: People judge you by the way your work looks.

They can't tell how good the materials are, or how honestly you put a building together. If the paint on the outside of a looks shabby, peels off or washes away, they say you are a poor workman - when it's not your fault at all, but is the fault of the paint.

Your climate for paint is about the same as at New Orleans, Louisiana, A. C. Collier, of that city, painted two houses for F. Devoc: one Devoc lead-and-zinc and the other lead and oil. At the end of a year the lead and oil house looked shabby and was in bad condition; the Devoc job was perfect - looked like new. You want your house to look like new for years: Devoc will do it.

Devoc varnishes, stains, enamels, etc., ought to be used throughout every house you build. They make the house look beautiful; wears wonderfully; save money.

The name "Devoc" stands for the best that can be made.

You are very truly

books, and turn to a search of the scriptures. Like the Bereans of old let us prove the foregoing with our Bible in hand, and let God be true through it proves all men as illus Rom 3:4 Then rejoice in the hope that there is life beyond the grave then will the heathen along with the civilized world (so called Christ Kingdom) hear the voice of the son of man and come forth to be judged or tried for God hath appointed a day in the which he will judge the world in righteousness. And when thy judgements are abroad in the earth the inhabitants of the world will learn righteousness Act 17: 31, Isa. 26: 9.

Atlantic Fruit Company

This Banana Company which has hitherto upheld the competition in the purchase of fruit in Jamaica during the past 6 or 7 years with great benefits to the planters and for the public good of that Colony load 6 or 7 steamers weekly. We have an equal number of agents in Mexico, Cuba, Honduras and Nicaragua with a fleet of 30 steamers at our command for the transportation of fruit for the supply of the market of the United State and Germany.  
With the object of establishing in Costa Rica on a secure basis we entered into negotiations with Messrs Lindo Bros for the purchase of a considerable number of acres, this negotiations at the last moment has reached a regrettable stage; the Company in spite of these difficulties have the hope of arriving at a satisfactory settlement, and on their part are disposed to comply with the stipulations in order to lose no time they have decided to enter into contracts with the Banana producers through me.  
The price which the Company is prepared to pay is as follows-34 centavos American gold for first class bunches, and 16¢ for second according to the classification in practice in this country payment will be made in cash on presentation at the offices in San José and Limón of the checks issued by the employees of the Company. The Bananas are deliverable on the line of railway at the usual platforms.  
The Company will give the greatest facility and advantage for the cutting and delivery of the fruit.
