Suffragist Demonstration

A great procession of Suffragettes will take place in Washington on the inauguration of the New Presidency.

Mrs. Patricia Street, an Australian, will direct proceedings and Miss Ines Millallen will lead the procession on horseback, the dresses and colours to be worn will be many, the first line will wear the national colours of the 4 countries that have given women the right to vote, Norway, Finland, New Zealand and Australia. The second column will wear the colours of the countries that has given partial vote, Sweden, Denmark, Ireland, Great Britain, Austria and Belgium then the concourse of suffragettes and lastly the men who have given their sympathy to the movement headed by Congressman Hobson of Alabama.

From Birmingham comes the news that the Suffragettes have thrown explosives into the office of the Inspector General of Revenue causing a great explosion and fire.

A Samaritan Explains.

Mr Editor:

Sir.—Permit me space in your valuable columns to explain the misleading statement of the Western District No. 20 as appeared under the heading "Proclamation" in your last issue.

In the first place while the Executive deplored that they had granted two District charters in the same territory, yet they decided that as the field has grown so large, both District must stand and work in their own territory and gave an order calling in both charters to delineate on them their respective jurisdictions, which District No. 20 refused to obey, pleading a lie, for they know that no clash could have occurred with the legal authorities of Jamaica. They naturally could not hold District meetings, but no conflict in the laws could occur, hence the flimsy excuse for rebelling against a just order seem scarcely to say the least of it.

We hope that the Lodges around will not be so foolish as to follow the Leaders of the Western who are only trying to grasp what they can for themselves, for the Executive in America have decided that all Lodges of the Western No. 20, who are wishful of dealing direct with them until the dissatisfaction is passed over, but to expect that the Headquarters can last in Jamaica as long as a pot of ice would in a hot place, is folly. Let me therefore advise the Lodges concerned to think well before rebelling against the Executive in America.

Thanking you for space.
I am etc.,
A SAMARITAN.

War in Mexico

The war in Mexico has been most disastrous, thousands of people have been killed and wounded in the capital, but the rebels had the better situation, and drove Pres. Madero from the Capital. Thousands of Americans had to quit their residences which were in the direct line of firing. Don Francisco de la Barra has been named President provisionally and as Diaz party is in power Don Porfirio the ex-President of Mexico for seventeen years is expected back in Mexico next week.

National Insurance Co. Scores

The National Insurance Coy. of San Jose, which is composed of Local Capital on similar lines with the Jamaica Mutual, has gained a great point by paying up its claims immediately. They were satisfied that the insured were not responsible for the recent fire in San Jose.

They paid Messrs. Echandi and Koberg, a couple of days ago, the sum of £2000 thus gaining the confidence of the community. Don Ricardo Mora is Agent in Limon.

Fatal Accident

News has been received here from La Junta of a fatal accident to a man there whose name we have been unable to ascertain. This man was on the bridge when a banana train was approaching from the old line to Siquirres, he endeavoured to step aside on one of the pillars, but seemed to have missed his step and went headlong over into the river.

Messrs. W. Toby and Vincent, heroically managed to rescue the body by forming a chain of men holding each others hands with the banana gang at their disposal, as the Indians cross a river. Every thing was done to revive respiration, but to no purpose, as the skull was fractured.

The body was taken to Siquirres by them and the Yardmaster, Mr. Skelly in his usual kind manner replaced it on another train and conveyed it back home to La Junta, after the Doctor had pronounced the verdict of his examination and handed to his friends for burial.

Honours to Don Rafael.

The people of Orotina and the surrounding villages paid great honours to Don Rafael Yglesias, a couple of days ago. They went and serenaded him in a body, and guaranteed him their continued admiration and adherence. Over 700 gentlemen mounted was in the procession.

Notice.

The Board of Education, claiming to own part of my properties in Limon originally known as "El Redeo," has sold certain portions, as well as taken an advantage, in an offensive manner, of my rights. I hereby advise those to whom it may concern that I do not recognize any action which the Board of Education may take on my property; and that I have already established the respective lawsuit in order to protect my interests. Those tenants who have failed to make their regular payments for rent, on account of the pretended action of said Board are to have these amounts paid if they want to avoid the consequences of judicial procedure.

Castro Free.

The Judge has declared that General Cipriano Castro, ex-President of Venezuela, is free to visit the United States, provided he conducts himself well. Castro as will be remembered was refused admission to the States by the Immigration Department and was kept confined at Ellis Island pending further arrangements, but he applied for his freedom under the Habeas Corpus Act, and has obtained his rights of liberty.

Rose Hill Lots.

The Squirres sporting men are to have possibly their last race meeting on the present course, 25th of March, because Mr. Lorig has now got an Engineer making the necessary cross section for laying out the settlements to be made there. The plan shows a township of about 15 squares or manzanas, and the race course is entirely taken up; hence if races are to be run for Xmas, a new course will have to be laid out which is the idea we understand by consent of the owners, Messrs. Lindo and Lorig, to put the course lower down where a beautiful circle course can be had, superior even to the present one.

These lots are to be sold on easy payments to settlers, and if desired, cottages will be built and also paid for by easy payment. These lots are undoubtedly the best sites in Squirres. Streets can easily be built and kept dry, as there are no swamps on that side of Squirres, as they are on the lower settlements, hence they ought to be more healthy.

Personal.

Mr. Percy Lindo left on Monday for Jamaica on a short business trip. Don Wenceslao de la Guardia will also leave this week for Europe in connexion with the projects of his English Construction Company which he represents here.

La Informacion says that Mr. J. Farrell has been named Assistant General Manager for the U. F. Coy. in Costa Rica.

Cricket

The Matina C. C met on their grounds the 28 Miles C. C. yesterday. The visitors won the toss but sent their host to bat, who knocked up 64 runs. S. Hudson topping the list with 18. The visitors then went to bat and the first four wickets put up 44 runs, when there was the usual contention, a ball was hit to the boundry and the Matina Umpire registered 6 runs, whereupon the Captain of the Matina C. C. protested it should only be 4 but the Umpire said the Captain himself made the boundry as 6 and it must be 6.

Mr. Hudson then refused to play any more if 6 was given for it after a delay of nearly an hour, they agreed to let it go for 4 runs, but the man who we thought would have calmed the situation as an intelligent man set the greater fire. The 28 Miles C. C. continued playing but here the Matina C. C. who had put on Grant to bowl and from whom the boundry was hit on his first delivery, coolly took him off, because they saw his bowling was likely to cost them the game without his finishing the other 5 balls to come.

This ofcourse cost the 28 Miles C. C. the game, as the succeeding bowler took them down one by one the remaining 7 wickets only putting on 11 runs, hence they lost the game by 9 runs on the first innings. For the first time the discord was not due to the Umpire, but to a leading member of the Club.

Cables

Berlin, 15.—Doctor Falcked Consul General of Germany in Barcelona, has been for the similar position in New York.

London.—Turkey will soon present to the Powers another request for intervention in such terms as will render it compulsory for the Powers to pay attention to the call. Up to now a mysterious silence over the Balkan war reigns.

The authorities there continue retaining all notices, there is rumour of heavy fighting at Chornia, all that is known is that the Bulgarians continue retreating from Icatolja.

From Adrianopolis there is no news whatever. Mysterious silence also reigns in regards to Gallipoli. It is probable that the Turks will land troops on the North Coast of the Sea of Marmara.

Heavy Claims

New York, Feb. 12.—Claims aggregating \$8,027,374 for loss of life, property and for personal injuries sustained in the Titanic disaster last April, have been filed against the White Star Line, owners of the ill-fated steamship.

Yesterday was the last day on which claims could be filed under a ruling of the Admiralty Branch of Federal District Court unless an application to the United States Circuit Court of Appeals is granted extending the time. In the event of the limitations of liability being granted, the claimants will only be entitled to a pro rata share in the fund of 96,000 dollars turned over to the Admiralty Court for the salvage on lifeboats. In all 369 claims were filed.

THE MOIN ROAD.

Limon is truly a locality of queer doings. Some time ago when our ex-Governor, Don Rogelio E. Pardo administered the government here, he made propositions for putting through the road to Moin, and to carry out this project, he set out preparing the first stage to the Cemetery by the continuation of 1st Avenue, and all was evidently prepared in spite of an objection put in by the Railroad Coy. which we understood was afterwards amicably settled, inasmuch that estimates were asked for and one gentleman sent in an offer for 15,000 colones. Since however, the new Governor and new Municipality have taken over the reins of government, the course seem to be altered, and now Avenue 2nd is the one which is to be lengthened to the Cemetery, but in doing so, the damages that seem apparently being heaped on the shoulders of the Beard will exhaust the allotment for the construction of the road.

The mode however being applied in the construction seem pretty exorbitant, for whereas the road bed is only required to be 20 feet wide, they have cut in some places about 100 feet wide of right away all through some of the best cacao farms in the vicinity and all this seem to be done without the slightest amount of courtesy to the Agriculturists affected by this outrage. In some places the labourers of the Municipality have just passed through the cultivations cutting down the wirefencings enclosing their farms, letting loose their animals, cutting up the vegetables which would be in perfection in a few weeks—hence, without the slightest notice to the poor people and that in spite of the entreaties of the farmers to wait for a couple weeks until their vegetables came to perfection, as the road would not be constructed for possibly a year yet, but all to no purpose.

Worse of all, representation has been made to the Municipality for payment of these damages, but all the response has been to present their titles for these places, knowing full well that most of these people have no titles being in the Maritime limit.

It seems unfair to deprive them of the means of their livelihood and do not recompense them for it, because they have no title. They have been cultivating these places for 15 and 20 years and settled down their families, and if now they are to be disposed of them they ought to be paid off as the law prescribed, so that they can look about starting somewhere else. If therefore behoves the Government to settle these claims without any unreasonable waste of time as is going now. The whole project seem illadvised, as this road will cost fully six times the amount of the other, and it will never be a road; in consequence of the deep ravines and hills to pass over, it will forever give trouble and render that road at times impassible to pedestrians, let alone vehicles, by slides and washouts.
